

Belize Marine Guide

Reef Fish, Sport Fish, Marine Mammals, and Sea Turtles. Take this guide along with you to Belize, slip it in your pocket or pack, and you'll be able to identify the sport fish and those beautiful tropical fish. You'll be able to look up the sea turtles you see, and try to name the whales and dolphins which frequent the shores of the Caribbean Sea off Belize. Illustrations are done by two of our highly regarded artists who are specialists in their fields. Uko Gorter for marine mammals and Sea Turtles. Alina Suarez for reef and sport fish. Illustrations are accompanied by the English, Spanish, and Latin names for each critter. Highly portable waterproof full color scientifically reviewed illustrations of the diversity of Belize Wildlife. When folded, the guide is only 3.5 (9cm) by 8.75 (22 cm). It contains twelve 9cm by 22cm pages plus front and back cover pages, and when spread is approx. 24 (61cm) by 8.75 (22 cm) Our marine guide is the perfect companion if you're a naturalist or an adventure traveler.

For close to a month, from September 28th - October 22nd, Hol Chan Marine Reserve conducted their Responsible Tour Guide Seminars for Hol Chan. The quick ride out to Hol Chan Marine Reserve makes this the most popular half-day tour for visitors staying at Ambergris Caye and Caye Caulker. The small Central American nation of Belize has long lived in the shadow of its neighbors. You'd be remiss not to go snorkeling in Hol Chan Marine Reserve, the largest of Belize's marine reserves. Their guides will take you out by speedboat and point out the fish and marine life. Buy Tropical Marine Ecology: A Field Guide to Belize on Amazon.com. *FREE SHIPPING on qualified orders.
