

Memoirs of a Provider: Journey of Awakening

Journey of Awakening follows the life of Evan Provider from age twelve to age thirty. After the Plague of the early twenty-first century, Evan is required to become a Provider. The sterilization of the male population due to the Plague leaves only a few males with the ability to procreate. Evan must learn about his sexuality and what it means to be present to women. He also finds he is called to understand the spiritual side of himself as he moves through his teenage years, through young adulthood, and into his life as a young man. As an asset to humanity, Evan learns to cope with the stresses of his occupation and the ever-present threats to his life. Anne-his coach, friend, and lover-helps him as he grows into an aware man. He learns to bend the rules, break some rules, and reach out to the astral plane for life-enriching guidance.
