-Amazon reviewer A mad, insane, totally awesome sci-fi story! -Amazon top 500 reviewer Add this book to your reading loop! -Amazon reviewer A ground-breaking LitRPG series set in various virtual worlds! Quantum Hughes is a maverick. Stuck in a digital dream world, he lives the same day on repeat, battling his way through a gritty noir city known as The Loop only to spawn again the next morning. Everything changes once he receives a mysterious message from a woman named Frances Euphoria, the first human hes met in years. Soon, a group of real-life corporate assassins known as Reapers are on his tail, hoping to give him an early retirement. As good as he is at fighting, the Reapers have weapons that could imprison him forever or worse, kill him for good. A new type of corporate warfare, humor, a city of vice, brutal action, a star-crossed romance that spans two worlds, a cast of unforgettable characters and NPCs get ready to be hooked on this action-packed science fiction series! Definitely for fans of Philip K. Dick, video games, Ready Player One, Tron, anime, cyberpunk, LitRPG and sci-fi adventure novels. Download The Feedback Loop and get started right now, tonight, as soon as you humanly can. Book four is out soon, and you wont believe where this series is going! Discover why the thin line between dream and reality is pixelated. LitRPG is a new genre of science fiction that merges sci-fi, fantasy, thriller elements and online video games. Expect the unexpected, and be sure to check out the other writers in this blossoming genre.
