

Love-Lust-Kink #22 Book 13. Gay-Lesbian Business-Job Guide

Someones sexual preference should be irrelevant at work unless its sex work. Everybody has an opinion regarding gays. Some believe its an abomination to God, the Creator. Others believe in live and let live. In my opinion, if it doesnt interfere with the job, its nobody elses business and besides who cares anyway with all the problems going on in the world. If somebodys trying to be funny and picking on the gay guy or girl in the workplace, thats harassment. If you, as the boss, ignore it, youre enabling it so you could be charged with allowing a hostile environment in your workplace so forbid all harassment against anybody. Just as with heterosexual people, gays must abide by the rules of romance in the workplace. Dont kiss, smooch and waste company time proclaiming your love for each other. Keep it discreet. Encourage diversity in the workplace. Put up some diversity posters. Books about gay law (sex discrimination) are at #342.7108 or KE4399 and KF4488 to KF4758 at the library. Books about gay issues are at #346.73013, #349.7108 or KE4399 and KF539-KF4758 at the library.
